

**MIDWAY CITY SANITARY DISTRICT
DIRECTOR, SHORT TERM**

VIVIAN KIRKPATRICK-PILGER

OCCUPATION: Management Services Officer

I am asking for your vote for the Midway City Sanitary District.

Board President, Mr. Evans passed away in 2003. I am running for his unexpired term to continue the kind of strong financial leadership he established. In 2002 I ran for a seat on this board with and was endorsed by Mr. Jim Evans. He had just been voted as the most outstanding Board President of Sanitary Districts in the State of California, and was reelected to the MCSD. Mr. Evans had built a strong financial foundation for the MCSD. The District enjoys a solid financial outlook; a reputation of good service, low fees and good employees. I will ensure that this district continues to thrive.

Employed at the University of California, Irvine for 24 years, a Department Manager for 14 years in the largest department in the engineering school, managing substantial budgets annually.

12 years of experience as the Treasurer and President of a Homeowners Association; established and maintained a well funded reserve account.

President of the Citizens for Government Accountability for the past 3.5 years.

Past appointee to the City of Westminster's Citizens Advisory Group and the Infrastructure Committee.

Please mark your sample ballot now.
